

## ***Book 5 - Overview of Student Supplement to 'Childs Play'***

*Book 5* instructs pre-teenage children to play the guitar convincingly, to sing songs while strumming the guitar, and to learn to read music notation.

*Book 5* 'Childs Play' has two components, a 'Student Supplement' and a 'Teachers Manual.' This offering, the Supplement is directed exclusively to the student. It is of a practical nature and contains only what is to be played by the young guitarist rather than explanations on how it is to be played.

### ***Part One***

Semibreves - Minims - Crotchets - Quavers and Quaver Triplets.

These notations are sequenced through  
17 Rhythmic Exercises and  
7 Open String Etudes

### ***Part Two***

Ten Sequential Songs for Voice and Guitar

### ***Part Three***

Ten Ensemble Pieces for Guitar

The educational component to *book 5* accommodates procedural literature that is pertinent only to the educators role as the teacher. Advice on technical and theoretical reasoning are given along observations that will assist in assessing the young guitarists musical progress.

The ***Index*** to '***Students Supplement***' is at the back of this book p66-67.
